## GREAT SHOWING IS MADE BY GLENDALE AT C. E. MEET

**This City Has Five Executives  
on List Installed at Big  
Hollywood Gathering**

One hundred and sixty-five Christian Endeavorers from this district attended the county convention in Hollywood this week-end and an impressive showing was made by Glendale.

Three thousand were present in the Hollywood American Legion stadium Saturday night at the "Joy Session." Each of the twenty-two districts responded to the roll call with a yell, a song or a Bible verse. At a word from Howard L. Brown, of 406 North Maryland avenue, Glendale delegates arose in a body and surprised everyone by the exhibition of "Glen and Dale" hats which were featured so prominently at the state convention. Everyone remembered the helpful, happy time they had here and gave a cheer while the delegation proceeded to sing a Glendale paraphrase of "Tramp, Tramp, Tramp."

### Glendale Gets Officers

When the new officers of Los Angeles County Union were installed Sunday night by Harry C. Allen, California field secretary, it was noticed that Glendale district had been given five of the new executives: Miss Mabel Cady of 1209 S. Maryland avenue, was re-elected junior superintendent. Miss Margie Smith of 1415 East Colorado street was selected assistant recording secretary. Will Richards was elected vice president; Everett Anderson and "Dick" Link, both of 254 Sinclair avenue, were chosen evangelistic superintendent and assistant.

The new president of the county is J. Leroy Pettit of the Temple Baptist church, Los Angeles, succeeding Charles Culver of the Broadway Christian church. Glendale people contributed to the program. Miss Mabel Galey had complete charge of the junior rally at the Hollywood Presbyterian church Sunday afternoon. Harry Marple of 1539 Glenwood road had charge of the Tenth Legion rally Saturday morning.

**At Junior Conference**  
Saturday morning four juniors from the Glendale Presbyterian society sang "That's Why We Love Him So" at a junior conference. They were Howard Retberg, 1239 East Harvard street; Darrell Korb, 1242 East Harvard street; James Edmonds, 121 South Cedar street; and Miss Helen McGinnick. This same society won one of the prizes offered in the junior four-square contest. The reward was two subscriptions to "Junior Endeavor." Los Angeles County Christian Endeavor has three hundred societies. The Senior B society of the local Presbyterian church received recognition as the third most efficient society in the county.

## Mr. and Mrs. Putnam Attend Yachting Party

Commodore and Mrs. C. G. Putnam of Whispering Pines, 424 North Glendale avenue, were royally entertained yesterday at Balboa by Captain E. D. Burge on board his palatial steam yacht, Louise. The party consisted of Admiral and Mrs. Soland, Commodore and Mrs. Frank Smith of the Newport Harbor Yacht club; Vice-Commodore and Mrs. Shirley E. Moore, Rear Commodore and Mrs. W. Starbuck Fenton, Fleet Captain and Mrs. William Warrington, Lou H. Wallace, C. Paulsen Visel, J. H. Breckenridge. First mate on the "Joy," Mr. Putnam's yacht, and Captain and Mrs. Burge and crew. The sea was calm and the wind was very light, making the trip very delightful for the women, especially some of whom are better sailors on the yacht club porch than on the open sea, it is said.

## DANCE GIVEN BY STUDENTS

About forty high school boys and girls and a group of fifteen of their parents attended the second of a series of social events given by them Saturday night at the Chamber of Commerce auditorium in the nature of a St. Patrick's dance. Music for dancing was furnished by a three-piece orchestra. Refreshments of punch, cakes and candies were served. The St. Patrick's motifs and color were further carried out in the favors of horns and caps.

## C. C. C. Tatum, President of State Real Estate Association, Congratulates Glendale Realtors, Business Men and Evening News on Big Edition

C. C. C. Tatum, president of the California Real Estate association, has given the following self-explanatory communication to The Glendale Evening News:

Mr. A. T. Cowan, Publisher, Evening News, Glendale, Calif.  
My Dear Mr. Cowan—Glendale can well lay claim to the slogan, "the fastest growing city in America." I have before me the twenty-four page Saturday issue of your splendid Glendale Evening News. Sixteen pages of which, in pink, are devoted to a well-balanced news and advertising "Own Your Own Home" edition. I have never seen a better one devoted to such a timely topic, published in a city of the size.

This hearty co-operation by the realtors of Glendale and vicinity in the state-wide "Build Now" movement was made possible through the team-work of your Glendale Realty board. Through-out California this week, by proclamation of Governor Stephens and the mayors of all the cities and towns, home-building is being stimulated through the leadership of the California Real Estate association which originated the idea of the "Own Your Own Home" campaign.

The benefits to the many communities of California participating in this helpful work will continue to come "home" throughout the year. I believe that we can

conservatively estimate the number of home owners to be added in California, as a result of this drive, will be well up in the thousands.

Work of this nature, in coordinating the plans of the realtors, the builders, the financiers and the property owners, is being done by the California Real Estate association every day. We are working in the interests of the 1,300,000 property owners in the state of California. Safeguarding property investments, urging on improvements and studying the relation of housing, taxation, transportation, irrigation and reclamation to the development of a community are cardinal principles of our activities.

Every realtor, every banker and every property owner should be a member of the California Real Estate association.

I want to thank you, Mr. Cowan, and your splendid newspaper staff, both editorial and business office, for your helpful co-operation in making the Glendale share in the "Own Your Own Home" campaign a 100 per cent success.

Also allow me to thank the good people of Glendale, your mayor, Spencer Robinson, the merchants and the realtors for their effective support.

Very sincerely yours,  
C. C. C. TATUM,  
President, California  
Real Estate Association.

**Elaborate Affair Is Held at  
Home of Parents; Color  
Scheme in Green**

A very elaborate and beautiful party in celebration of the birthday anniversary of Miss Lavera Kitterman, daughter of Mr. and Mrs. R. F. Kitterman of 311 North Kenwood street, which occurred yesterday, was held at her home. Saturday night. Decorations and favors of shamrocks, Irish flags, green paper hats, etc., were used. The rooms were festooned with green crepe paper and decorated from the corners to the chandeliers and the lights were covered with green crepe paper.

The dining table, where a lunch was served during the evening, was most attractively arranged. This was centered with a large birthday cake on a pedestal dish, around the base of which was arranged green crepe paper in the form of a large double rose. This stood on a dolly around which was a ruffle of the green paper.

**Green in Evidence**  
The corners of the table were decorated with four glass candleholders tied with bows of green ribbon and containing green candles, and from the holders to the chandelier were draped green ribbons.

Shamrock place cards were used and the favors consisted of green crepe paper baskets.

## Boy Struck by Auto; Not Seriously Injured

Jimmy Walker, 5-year-old son of Mr. and Mrs. Charles Walker of 320 East Dryden street, was struck by a passing automobile Saturday morning, while crossing the street and narrowly escaped serious injury. The little fellow ran ahead of his mother and in front of the machine. He was struck by the fender in such a way that he was thrown out of the path of the machine, and had only a few cuts upon his face as a result. Mr. and Mrs. Walker and family were guests over Sunday at the home of Mr. Walker's sister, Mrs. J. M. Elliott of Pasadena.

## P. E. ASKS SUBWAY FRANCHISE FROM L. A. COUNCIL

**Tunnel to Cost \$1,850,000  
to Improve Glendale and  
Hollywood Service**

Initial action on the part of the Pacific Electric to improve service on its Glendale and Hollywood lines was scheduled to come before the Los Angeles city council today in the form of an application for a forty-year franchise for the construction of a \$1,850,000 subway from its Fourth and Hill street station to the intersection of Glendale boulevard and First street, on the Glendale line.

The application also includes a request for permission to connect its Hollywood line with the Glendale line at Sunset boulevard, thereby solving two severe traffic problems.

**Statement by Pontius**  
General Manager D. W. Pontius makes the following statement:

"This subway will reduce the running time between Los Angeles and Hollywood, Los Angeles and Glendale, Burbank and San Fernando valley points about ten minutes."

"It will take from Hill street the greater portion of the Hollywood cars, the San Fernando valley trains, and from Sixth street all of the trains to Glendale."

"In my judgment, it will do more toward relieving traffic congestion in the city than any steps that have heretofore been taken, and the first actual step toward making a great expenditure of money for the betterment of railway service since the traffic question has become one of paramount importance."

## Huntington Park and Glendale Clash Today

For the second time during the present school year, lightweight athletic teams representing Glendale and Huntington Park will this afternoon face each other in a contest that will decide the championship of all prep teams in southern California. Last fall it was football—now it is basketball. Last fall Coach Squire's H. P. lads trampled over the Red and Black "Midgets" and today's result remains to be determined.

The game will be played on the Franklin high school court in Los Angeles, the opening whistle to be blown sharply at 4 o'clock. Several hundred rooters from each school are expected to be present to back their respective teams, each of which is confident of winning.

Judging by early season "dope," the locals are in for a drubbing, although Coach Hayhurst is liable to spring a surprise when he sends his men against the Suburbanites. The Huntington Park boys breezed through their league season with little difficulty and won their way into the finals last week when they completely outclassed the speedy Long Beach quintet. Glendale, on the other hand, has won all its games, although some of them were by the closest of margins. Last week's contest with Montebello was the closest battle of the year in southern California high school prep circles, the locals winning, 20 to 16, in an extra five-minute period.

## Final Music Memory Tryouts on Saturday

As a fitting climax to Glendale's celebration of Los Angeles County Federation Music Week, March 18-25 inclusive, the final try-outs of the memory contest, which has extended over a period of several weeks, will be held Saturday morning at the T. D. & L. theatre, which has been turned over to the committee members, citizens interested in music and all the school children from 10 o'clock in the morning until 12:30 o'clock in the afternoon.

The committee consisting of Mrs. Mattison B. Jones, president of the Glendale Music club; Mrs. Dora Gibson, general chairman of the music memory contest; Miss Brennenman, vice-chairman of the contest; George U. Morse and Richard D. White, of the high school and grammar schools, respectively; Mrs. H. E. Bartlett, chairman of judges; and D. Ripley Jackson, chairman of prizes, met at the high school at 3:30 o'clock this afternoon to arrange for the program and try-outs for Saturday morning.

## Parents' Banquet by Hi-Y Group Tonight

Edwin Murphy is the leader of the group.

## PROBE STAND OF THREE JURORS IN OBENCHAIN CASE

LOS ANGELES, March 20.—An investigation of what was termed the "stubborn stand" of the three jurors who held out for acquittal for Madalynne Obenchain, tried for the murder of J. Belton Kennedy, was begun today by operatives of the district attorney's office following the discharge of the jury in the case by Superior Judge Reeve as hopelessly deadlocked. Statements to show exactly what happened in the jury room, how and why the three "irreconcilables," as they were called, held out steadfastly for acquittal, were sought from the nine jurors who voted for conviction.

## Dr. Von Kleinsmid to Talk at 'Y' Banquet

Dr. R. B. Von Kleinsmid, president of the University of Southern California, will be the speaker at the third annual Y. M. C. A. "father and son" dinner to be held this year on April 18. Rex C. Kelley, local Y. M. C. A. secretary, states "one of the rules is that each man who comes is supposed to bring a boy as his guest." As usual the Hi-Y will act as a clearing house to furnish sons for men who have no boys, so that they may enjoy that proud fatherly feeling for once in their lives as their borrowed sons sit by their sides.

"The father and son banquet in the past has been the one big stake affair of the year and such a speaker as Dr. Von Kleinsmid and the program the boys have already started to arrange, this year's dinner should be the best of all," said Mr. Kelley. "The Hi-Y group is giving most of its time now to the coming Southern California Christian Calling Conference to be held here Saturday and Sunday of this week, but wish to announce the date of the father and son dinner in order that they may reserve this one evening of get-together."

A special entertainment has been arranged to be staged following the business session.

W. Meeker, chairman.

## LOCAL ROTARY CLUB DELEGATION BACK FROM MEETING

**Doctrine of Service Is Well  
Expounded at Gathering  
Held in Bay City**

In serious speeches, in burlesque skits, in sincere greetings, in side-walk and hotel lobby persiflage, 2500 Rotarians in district convention at San Francisco last week-end expounded the doctrine of service and preached that what you get equals what you give and that surest and happiest profit lies in work—not for the sake of work or for the sake of gain, but for the benefit of others.

That stuns up the conference attended by Mr. and Mrs. J. Herbert Smith, Mr. and Mrs. Roy L. Kent, Harry S. Webb, George B. Karr and William A. Tanner, members of the Glendale Rotary club, the newest of the new organization. They were guests at the St. Francis hotel and had a wonderful time. Mr. Webb annexed \$4 worth of golf balls in friendly tournaments.

**All Are for Service**  
"I have never been at any conference where so much was to be learned, said Mr. Smith, who is president of the California Retail Grocers association, as well as secretary of the local club. "The thought of everyone was service, not selfishness. The main theme was the International convention coming to Los Angeles in June and a big job faces the suburban club in caring for the entertainment of the members from twenty-six countries."

Long Beach made a great showing with their bathing beauties, while Fresno "Sun Maid" girls distributed raisins. Jack Williams, past president of the Long Beach club, who has spoken here, was nominated for district governor to succeed Charles B. Bills.

**Tells of Growth**  
In discussing the growth of Rotary in the west, the latter said: "The first to come into being under my administration was Vallejo. This club was well on its way, however, through the efforts of Past District Governor Les Everts, fathered (Continued on Page 9)

## Green Dance by Elks Is Complete Success

The annual "green" dance given by the local lodge of Elks No. 1289 Saturday night at the clubhouse on Colorado street surpassed the success of previous affairs, both as regards large attendance and fun, guests declared.

This was the last dance before the installation of officers to be given by the present entertainment committee, and no pains had been spared in making it a brilliant affair. The effigies of four Irishmen, with green "stove-pipe" hats, graced the exalted ruler's station. The other stations were decorated with Irish harps. Green crepe paper festoons were artistically arranged from the large inverted lights to all corners of the room.

The popular color scheme of the day was also carried out in the punch and refreshments of ice-cream, through the center of which was molded a shamrock, and icing of the French pastries in which was inserted a small green flag. Later, favors of straw hats, Irish bonnets, "pig" caps, and horns covered with green crepe paper shaped like wild Irish roses, or cabbages, were given out. Music for dancing was furnished by Henning's four-piece orchestra.

The entertainment committee in charge of this dance included Joe Belue, chairman; Jack Hearnshaw, W. B. Kelly, E. P. Hayward, Harry Wallace and Robert Jensen.

The toast to the absent brothers was given by Past Exalted Ruler John Fauset.

## C. Jones Badly Hurt When Struck by Auto

C. Jones of Glendale, age 21, while riding on his motorcycle Sunday, was run down by an automobile driven by J. A. Light, of 535 Oak street, and severely injured. He is suffering from a broken leg and severe injuries to the back and head. He was taken to a hospital and was reported to be resting as comfortably as could be expected. The accident was caused, according to Glendale police report, by a misunderstanding over the right of way. The accident occurred when the boy rode out of Vine street and reached San Fernando Road just as the machine was passing.

## LOST CAR IS FOUND QUICK

The Overland belonging to E. J. Smith was taken from the street in front of his apartment at 104 East California avenue about 8 o'clock last night. At 10:30 o'clock John Todd telephoned the police that it was standing in front of his home at 557 West Broadway.

#### Dr. Bysshe Tells of Church Work in France

A large audience was present at the First Methodist church yesterday morning to hear the address given by Dr. E. W. Bysshe of France, who is in charge of the work that the Methodist church is doing in that country along social, educational, physical and religious lines. Dr. Bysshe stated "Orphanages have been opened, social halls and schools established. Through the aid of the centenary funds churches have been built and furnished."

"It is hard for you, some 6500 miles away, to realize the extent that France suffered by the war. Factories and fields were devastated, cities disrupted, but human life was the greatest toll. One and a half millions were left on the battlefields and an equal number helplessly crippled. Just think, 3,000,000 out of 40,000,000. Hardly a family but has been bereft."

"France asks but for two things—security from the enemy beyond the Rhine, and reparation for her wrongs. France is heroically struggling to regain herself. There is only one per cent of soil not in way of production. That country is also reaching out for religious progress, having tired of both superstition on one side and atheism on the other, and is beginning to realize that no nation can reach its highest level outside of evangelical religion."

"While we are helping France along all lines, we are majoring on salvation through Jesus. We have a

#### Third Twilight Concert Is Thoroughly Enjoyed

The program of sacred music that formed the third Twilight subscription recital at the Glendale theater was beautifully appropriate for the Lenten season and showed the artists at their best. Mr. and Mrs. Henri La Bonte and Carl Gantvoort, who loaned their voices for the occasion, were encored with much enthusiasm. Mrs. Harry Girard's rendering of "Gallia," by Charles Gounod, assisted by Mr. and Mrs. La Bonte and a chorus of forty well-known Glendale singers was, perhaps, the crowning feature of the program and showed the touch of a master hand in the directing.

Everyone who has enjoyed the three recitals is looking forward to the final concert, which will take place Easter Sunday. Harry Girard promises that the last is to be the best of the series and it would be hard to imagine just how good it will be. He suggests that he will continue to train his choir and have several very special treats for the people of Glendale who love music.

Judge a company by the men it keeps. Para. Brazil, is known as the "gateway to the Amazon."

three-fold aim: First, to get them converted; second, to give them the sacrificial, the stewardship view; third, world-wide Christians. Your centenary funds have largely helped us to help France."

## HIGH OFFICE AND RICHES TEMPTING, RECTOR POINTS

Rev. C. E. Cornell in Second  
of Series of Sermons on  
'Life of King Solomon'

"High office and unlimited riches have their peculiar temptations before which many a man has surrendered his royal crown of manhood," declared Rev. C. E. Cornell yesterday morning at St. Mark's Episcopal church during his second sermon on "The Life of King Solomon."

"What was it that tempted Solomon to his fall?" he inquired. "Was it not the misuses of the gifts God had given him?"

"Solomon must have startled devout Israelites, who, since the Exodus, had regarded the Egyptians as the worst enemy of their faith, by his marriage with the daughter of the Egyptian king. She came and dwelt in a royal palace outside the City of David; she was attended by women of her own race, of her own religion. She brought with them their own pagan priests, their own idols, their own religious rites. Solomon the king within the walls of his palace and amid the sanctities of domestic life lived and breathed a heathen atmosphere. Step by step he fell away from the law of God, step by step he yielded to the fatal charm of his environment. Carelessness became indifference and indifference apostasy. He lived and reigned apart from God."

**Wise in His Age**  
"Then came the awful judgment pronounced in the text: 'For as much as this is done of thee and thou hast not kept My covenant and My statutes I will surely rend the Kingdom from thee and give it to another.'"

"Solomon's fall was not prevented by his wisdom. He had prayed for wisdom and his prayer was heard and answered. He was the wisest man of his age. His writings are among the treasured inheritance of his nation and mankind. His accomplishments are written large in the literature of the world; his knowledge covered a wide range of subjects. He was the natural scientist of his age."

"Solomon knew the claims of God; he knew the fatal power of temptation; he knew the weakness of the human heart. But to know is one thing; to act upon the knowledge, another. 'The ancient Greeks believed that, if a man were well educated, he could not help being a good man. Many modern thinkers hold the same view and insist that education is the panacea for all our evils. They say that, if we had universal education, the kingdom of heaven would begin at once upon earth.'"

"The history of the world contradicts emphatically this assumption. I might point you to nations and individuals, who had reached the highest level possible of intellectual attainments and yet fell, not because of them but in spite of them. When Bacon said 'knowledge is power,' he stated only half a truth. Knowledge is power for good or evil as you use it. We have in Solomon a conspicuous example of a man, who was not saved from moral and spiritual shipwreck by his wisdom."

"Solomon's fall was not prevented by his previous sincerity. He began his reign as the pious servant of God. We must not forget that Divine favor follows a man only so long as man walks in the way of God."

#### Personal Evangelism Subject of Rev. Cole

"Personal Evangelism" was the theme of yesterday morning's sermon at the Central Christian church. "Anyone, who can win friends, can win souls," asserted Rev. C. A. Cole. "With a passion in your heart and a knowledge of the message you will win people to Him and the church will emulate the early church in our work for others when it went everywhere preaching the Word."

"Whatever else the church may do, it is called to one supreme business. To neglect is to hamper the will of Christ and to invite His displeasure. We cannot shift the responsibility to plans, programs and committee work. Filing cards, and prayer circles and special teams and committees are not enough. The fact is, there is only one issue, namely, man is a sinner and needs a saviour. Jesus Christ of Nazareth is that Saviour and you are His messenger."

"As honest men and women, conscious of the needs of men and of the saving grace of Christ, let us face the responsibility for the salvation of others. There is something emphatic in that one word that Jesus spoke to His disciples when he said, 'Go—go and make disciples.'"

It is not ours to question such an explicit command as that. As an army command, we should receive and execute lawful orders promptly. "Christ alone can save men and give them a new life. Before his purity and goodness every man stands condemned. But in the strength of His power the lowest may reach up to higher living. "How one without faith in God and in His ultimate goodness can be an optimist and have hope for the future is beyond comprehension."

#### Wallace Reid Shown in Role of Pugilist

Wallace Reid, popular Paramount star, who has been riding racing cars, touring cars, trucks and all manner of vehicles for more than a year and has otherwise breezed through his pictures on cushions, has at last struck a snag. In "The World's Champion," an adaptation of a recent stage success, Mr. Reid has drawn the most strenuous role of his motion picture career. The picture will be shown at the T. D. & L. theatre for the last time today.

The worm turns even in motion pictures and Reid has discarded his dress suit for a pair of fighters' trunks, for he plays the role of William Burroughs, otherwise known as "Gunboat Williams," middleweight champion of America.

Lois Wilson is leading woman and leads a strong supporting cast of players.

#### Mr. and Mrs. Angier Move to New Home

Mr. and Mrs. Albert E. Angier moved last week from 500 North Kenwood street into the home they recently purchased from Arthur H. Dibbern at 612 North Orange street. Mr. and Mrs. Dibbern, have moved into the home they have built at Glendale avenue and Lomita.

#### Large Concert Will Be Held on Thursday

A great deal of interest is being taken in the celebration of Los Angeles County Music Federation Week, which started Saturday and will continue through March 25, and especially in the concerts arranged for this week in Glendale.

One of the big items of the week of interest especially to those musically inclined is the "Federation night" concert for Thursday, March 23, at 8 o'clock, when a public concert will be given under the auspices of the Glendale Music club, which will be contributed to by all of the federated musical organizations of this city.

Mrs. Mattison B. Jones, president, states that the program for that night will include a group of duet selections by Howard Edward Cavanah, tenor, and Beatrice H. Cavanah, mezzo-soprano.

Mr. and Mrs. Cavanah recently moved to Glendale and are residing at 520 North Kenwood street. Both are members of the Glendale Music club. Musical America and Musical Courier both rate Mr. Cavanah as an artist of merit, with a fine voice and well controlled, and Mrs. Cavanah as possessing a magnificent mezzo-soprano voice.

A good many people think they have done their duty by a friend in trouble when they tell him not to worry.

#### Beautiful Love Story, Is Topic of Sermon

"A Beautiful Story of Love" was the topic of Dr. H. C. Funk yesterday morning at the Lutheran church. His text was taken from St. John: "Now Jesus loved Martha and her sister and Lazarus."

"Our text presents to us three persons constituting a pious, loving and devout family," remarked Mr. Funk. "Love for Christ was clearly manifested by each one. We desire especially to call your attention to the love manifested toward our Lord by the two sisters and to the tender affection with which he regarded them. We are brought into the social circle and home life and see the temperament these two sisters exhibited in striking contrast."

"I cannot see why this Mary stands so much higher than Martha in the estimation of many. Neither can I see why Mary should be considered pious and Martha worldly simply because she was more active and generous in preparing to entertain her Lord. No household activities and generous hospitality are not inconsistent with Christian piety."

#### SAVED FROM HOUSE AFIRE

HOBOKEN, N. J., March 20.—Police men and firemen rescued thirty-eight persons, including fifteen children, from a burning apartment house here. The apartment and the Fisher-Sweeney bronze works, occupying almost an entire block, were razed.

Mr. and Mrs. J. M. Taylor and son of Salt Lake City have moved to Glendale and are located at 945 North Louise street. Mr. Taylor was a member of the Taylor Building company of Salt Lake City and is contemplating going into the contracting business here.

**Mrs. Enrico Caruso Tells How She Will Rear  
Daughter, Gloria, Placing Emphasis on Music**

Mrs. Enrico Caruso  
& daughter Gloria.

By MARGERY REX.  
Written for International News Service  
NEW YORK—Childhood is the formative period. In youth we can acquire with ease what would make us overwhelmingly weary in adult years.

There are many children eager for learning often kept from the fullest opportunities by circumstances or by indifference or indigent families. In the field of the arts, particularly in music, such deprivation is keenly felt by many boys and girls. Special emphasis is placed upon childhood as a study period by Mrs. Enrico Caruso, the lovely young widow of that great tenor whose voice brought beauty into so many lives and whose death made a world mourn. Mrs. Caruso, who was Dorothy Benjamin, has settled down in New York in a new home and is interesting herself in plans for a great memorial to her husband. By means of this tribute to the dead, living talent is to be developed and aided by a million-dollar fund.

**Children Like Wax**  
"Children are like wax," says Mrs. Caruso. "They can be moulded easily. That is the principle I go on in Gloria's education. Even though lessons sometimes become tedious, that's the only way to get technique. 'What do I think of the child who ran away from home and music lessons? Well, I believe I read that she was sixteen years old. If she were eighteen and decided that she still hated music, then I should say it would be all right for her to stop lessons.'"

"You know that children wouldn't go to school if their elders didn't insist upon it, and unless education is thrust upon them they would be very sorry, indeed, later in life." Mrs. Caruso's views on the education of children are doubly interesting since she has not only her baby daughter, Gloria, to rear, but also the care of Enrico, Caruso's son, whose education was left in her hands by the tenor when they brought the boy to America. Enrico is now a student at a military academy.

**Young Caruso's Education**  
"I believe every child should be made to take music lessons, just as they are made to attend school," said Mrs. Caruso. "I had the same problem to decide in the case of Enrico, who didn't feel that he had a special aptitude for music. His father left his education in my hands, and I decided he should finish out five years of musical study at least. 'He's seventeen, nearly eighteen, now. He wired me the other day to ask if he couldn't give up lessons for the present and join the cavalry. I gave my consent. But he can't say to me when he is twenty-four or five, 'Why didn't you make me study music?' because he will have had those years of study behind him, and he can appreciate fine music." Mrs. Caruso was asked why she had decided to return to America and educate her daughter here. At one

time there was a rumor that the great tenor's widow would remain permanently in Italy.

"After all, I'm an American," she answered, "and my idea is to educate Gloria here. I like American schools."

**"Can Do as I Please"**  
"Here at home I can do what I please and not be criticized. If I wish to entertain my brother and some of his friends and some of mine I may do so. Over in Italy I would not be able to get along without a chaperone if I lived alone, and I intend to live alone."

"Gloria, when she is older, will attend a girls' school, a day school, in New York City, for six months of the year. The other six months we will spend abroad. She will have an Italian governess in Italy and a French one in France."

"The Italian girls are wonderfully reared; they become splendid housewives." Gloria is going to mean a great deal to other young people, for her name is attached to a scholarship which will educate some boy or girl from the interest on \$20,000. **"Foundation Aids Poor"**  
The late Caruso's interest in people and in music exists in his widow as well, and she is enthusiastic about the possibilities of the Caruso American Memorial Foundation, where residents of America will receive scholarships awarded for excellence in voice culture, instrumental music and composition. The awards will be based solely on merit regardless of color, race or sex. Only the income from the fund will be used.

"The foundation," said Mrs. Caruso, "will encourage especially middle-class and poor people to foster their children's ability in the hope that their child will be the one chosen."

"Every little dressmaker and working woman I have known seems to have made some fine sacrifice to help a relative studying music. Rich and poor alike yearn to have their children's talent cultivated."

Mrs. Caruso is honorary vice chairman of the Foundation.

**Rev. W. E. Edmonds Is  
Speaker at C. E. Meet**

The honor of giving the closing address of the Los Angeles County Christian Endeavor convention at Hollywood last night fell to Rev. W. E. Edmonds, pastor of the local Presbyterian church, who has been called upon to address this convention for the past ten years. His subject was "The Glory of the Christian Life." "The word glory is, strictly speaking, a religious word, and no one with any self-respect or regard for sacred things would think of using the word lightly. "It is said no tobacco user ever graduated at the head of his class at Harvard university. It debases the moral as well as the mental nature. I have no more use for the girl who is willing to swallow the nasty fumes from a cigarette than I have for the man who is willing to clean up this and other questionable and impure habits. "Let the glory of your church life be manifest in clean speech. Oh, this cheap movie slang! Words are like apples of gold in pictures of silver. Let your speech be always seasoned with salt."

**Miss Ruth Bullard  
Entertains at Party**

Miss Ruth Bullard of 455 Salem street entertained with a St. Patrick's party at her home Friday night. Games, decorations and refreshments carried out the colors and were appropriate to the day. The guests included Marjorie Howard, Gertrude Peterson, Dorothy Howard, Paul Cizek, Raber Beman, Earl Henderson, Henry Grace and the hostess, Miss Ruth Bullard.

Among the Moors women do not celebrate their birthday. A Moorish woman considers it a point of honor to be absolutely ignorant of her age.

It is said forty-two per cent of the clergy live to be septuagenarians.

**"FLU" LEAVES PATIENT  
WEAK AND NERVELESS**

**Regains Strength After Almost Giving  
Up Hopes of Recovery**

Spanish Influenza or "Flu" as this dread disease is now generally called, almost invariably leaves the sufferer weak, nervous, discouraged and depressed. As a matter of fact, some people never fully recover from the effects of "Flu" simply because they do not know there are remedies that will bring back their health and strength.

In a letter, Mrs. Jonas Myers, R. F. D. No. 1, Kelly's Station, Pa., tells how she counteracted the effects of a severe

attack of "Flu" after trying various remedies. She says: "I never took any medicine that did me so much good as Dr. A. W. Chase's Tonic Pills. I had the 'Flu' and after I got over it, was so weak and nervous, I could hardly get around. I tried different medicines but was no better when I quit using them than before I started. A friend sent me one of your booklets and I read of Dr. A. W. Chase's medicines. I may say that I had given up all hope of ever getting better, but three

boxes of Dr. A. W. Chase's Tonic Pills made me feel like a new person. I feel now as if life was worth living once more, and am recommending Dr. A. W. Chase's medicines to everyone I know."

You can buy Dr. A. W. Chase's remedies at all drug stores. To be sure of getting the genuine, see that the portrait and signature of A. W. Chase, M. D., are on each box. This trade mark is your protection against imitations.—Advertisement.

# REV. PRESTON TELLS RELIGION IS GREAT FINANCIAL CREED SOCIAL FORCE, SO OF CHRISTIAN PASTOR STATES

Task of Church Is to Make Plain What Money Really Is, Says Minister

Rev. C. M. Calderwood Asserts Teachings of Bible Cannot Be Neglected

"A Christian's Financial Creed" was the topic of Rev. Harley G. Preston yesterday morning at the Pacific Avenue Methodist church.

"Christianity does not mean the saving of a few folks for another world or gathering a few people for fellowship and worship," remarked Rev. Preston. "It means a new world here and now where the will of God shall be done for the good of men in home and business and state among the nations."

"Paganism in industry, paganism in politics, the paganism in militarism and oppression among the nations where it still exists must all be done away with. Men are to see in Jesus Christ not simply the Saviour from sin but the Lord whose spirit must rule all life."

"Christ will abide in no heart where He is not the ruling power. This business of serving Christ is not secondary. It comes first! That was the goal of Jesus. That is the vision that is stirring men's hearts. It lies back of missions and social service."

**It Fires Men's Hearts**  
"Without this conception of Jesus as the ruler of life nothing lasting has been done in the name of Christianity. It has made men think that poverty could be banished, that justice could be established in industry. In the midst of history's most terrible war it fired men's hearts with conviction that they were fighting not for wealth of territory but for a new world order of righteousness and peace."

"The Christian life means more than going to church and keeping the commandments and so getting to heaven because we have been faithful. Whether it is visible to your mortal vision or not, God is making a new world and our life has meaning only as it is joined to His great purpose."

"Life is more than a probation ending in heaven or hell; it is a great opportunity and a great trust. God has made us working partners in His plans for a new world. We are not simply spectators nor are we those who simply look out their hands to take good gifts. Life is a trusteeship, a partnership."

**All Days For God**  
"How this teaching of Jesus cuts into our shallow, selfish idea of life! God gives you every breath you draw and every day you live. Not only one day in seven belongs to God, but all days. It is just as necessary to remember Monday and Tuesday as it is to remember the Sabbath. In fact, the acceptableness of our worship to God on the Sabbath depends a good deal upon how we have lived during the previous week."

"All days are holy because all life is holy. And life is holy because of the high ends to which it may be consecrated."

"A new day of unmeasured opportunity is dawning upon the church. She cannot meet it unless she can command the time and thought of the strongest men in her ranks just as the state is commanding the leaders of science, law and business today."

"God is interested in how we spend our money, to be sure, but He wants first to know how we earn it. How we use our time in business comes first with Him before He asks how we use the remaining hours. We need social justice before we need gifts for charities or missions. Jesus is the silent partner in every Christian business."

**Task of Church Today**  
"The task of the church is not to ask men for money but to make plain what money really is. Money is so much coined manhood, so much stored-up human power. The \$5 that I get at the end of my day's work is just so much of sweat and toil of hand and brain, so much of myself."

"Money is power. By it I command the farmer to sow his field, the baker to bake my bread. At its bidding a thousand men toil and make me shoes and a whole railway system waits to serve me. By it I can heal the sick in China or teach the children of India or light up the dark places of Africa."

"Money is danger, too. Nothing can fool me like money. It seems so powerful that it makes men forget the supreme power. It feeds pride until a man thinks he has no need of God. It encourages selfishness."

"Money is opportunity. In these days in which money offers so many chances for self-indulgence it brings equal opportunities for service. Never were the agencies of education and missions and social service so well organized."

"Five hundred thousand Armenians are starving. I write a few words on a slip of paper. Cabots and ships grow busy, merchants and diplomats and missionaries assist and my check for a hundred dollars keeps twenty children from starving for a month."

Either gasoline or acetylene can be used in an English device to prevent motor truck radiators freezing.

"The Social Test of Religion" was the theme of the morning sermon yesterday at the Congregational church. "Religion is a great social force," declared Rev. C. M. Calderwood. "There are millions of the world's best people who will do things for religion that they will not do for anything else. No one, who is primarily interested in human welfare, can neglect religion as a social force."

"Jesus laid down the principle that the Sabbath was made for man and not man for the Sabbath. The Sabbath must be used in such a way that it will serve mankind, else it is useless. The Mosaic law intended the Sabbath to be a haven of rest. It was a precious institution of social protection. The Jewish people made a tyranny of it. A fine social institution had been turned to anti-social uses."

**Condemn Many Things**  
"Jesus condemned artificial practices and laid emphasis upon natural duty. Jewish religion was full of useless practices. Jesus called them useless and was condemned for it by the people who were regarded as pious. Religion today condemns many things that are not harmful and many things, which are obviously our duty, we are indifferent about."

"Jesus contended that religion was not a matter of miracles, signs and wonders, but a matter of social service. The test of religion must be its work in establishing better relationships in social life. Religion to be of social value must unite men, not separate them. Jesus came to establish better relationships. He came to make us friends and helpers, one of another."

**True Religion Proves Worth**  
"The Bible does not exist for its own sake. If the church exists for its own sake, it had better die. We do not want religion for the sake of religion. All of these are for a purpose and must be used for that purpose or it would be better that they perish from the earth. True religion proves its worth by its accomplishments."

"Jesus was primarily interested in man. He was interested in the Kingdom of God because the highest interest of mankind could be served through it. He was interested in the Hebrew scriptures not as an end in themselves but because man would be benefited by a study of the law of God and the teaching of the prophets. Every thought of his mind, every word of his lips and every action were directed to one end—the highest interest of mankind."

**Reasons for Prayer**  
"Jesus did not counsel men to pray for the sake of praying. That would be foolish exercise. He asked men to pray in order that their lives might have direction and that they might have higher purposes and purer motives."

"I am sure that a careful study of the character of Jesus will convince anyone that he had not false or artificial motives. His concern was always for people and the institutions that concerned him were those which ministered to the people. He held to those traditions and laws, which were vital, as tenaciously as the most conservative person of our time. But those ideas and customs, which called men's attention from the important things of life, he could toss away as easily as any modern revolutionist."

## PASTOR TELLS WHY SOME FOLKS DON'T ATTEND CHURCH

Rev. J. C. Livingston Discusses Famed Series of Articles and Answers Query

"Why some men do not go to church," was the theme of the morning sermon yesterday at the Casa Verdugo Methodist church. "A few years ago considerable discussion was going on about a series of articles in the Atlantic Monthly from the pen of Meredith Nicholson, 'Should Smith go to church?' asserted Rev. J. C. Livingston. 'The writer set forth the stock arguments and out of the articles grew a book from the pen of Dr. H. H. Beatty entitled 'Smith and the Church.'"

"Personally, I am inclined to believe that they both over-emphasize this Smith person. If there is a reason why Smith does not go to church that reason under like circumstances must extend to all others, even though it mean the closing of the church."

"Let us think for a little while about this Zebedee Smith. He is a good fellow, loving husband, a proud father. He is an honest, zealous business man. He is even religious—in his wife's name."

There Are Other Kinds  
 "There are other Smiths in the community who are not of his kind. They want the saloon, the wide-open town. But our Zebedee Smith has no use for that kind. If all the community were of that type, he would not live there. He likes the Browns and the Jones and the Johnsons and the preacher. They all go to church; they elevate the moral tone of his neighborhood and on Sunday are sponsors for his children."

"You have to consider our Zebedee Smith with certain mental reservations for he is non-committal. He is not unlike the man standing one foot on the ground, one foot in the stirrup and one hand on the saddle. You do not know whether he is just about to get on or has just gotten off. Politically that may be a valuable position. Religiously, it is apt to be a convenience. Not having made any profession, he is never embarrassed among non-churchgoers."

"Quite frequently our friend prides himself on being a thinking man to whom the empty platitudes of dogma make but little appeal. Perhaps, if our friend would turn to a mental survey of himself he would note where his arrogance leads him in the discounting of the mentality of Brown, Jones and Johnson, all of whom go to church."

Recreation on Sunday  
 "Our friend is often a busy man. To properly bear the arduous demand of his business activity it becomes necessary that on Sunday he seek recreation in order that on Monday he may meet the tax which is laid upon his vitality. Brown and Jones and Johnson are business men, also, and they go to church."

"How frequently we hear the stay-at-home urge that his taste for public worship was stifled by the somewhat Puritanical exactions of his earlier years. Well, certainly the children of Smith will have no occasion to lay that charge against him. But we like Smith the very least when he gets on that strain. There is something radically wrong when a man dishonors his father. To many of us the holiest things that remain are the memories of early teaching received in childhood at a fireside. The precious association of the family pew call to us up the avenue of years like a voice of benediction."

"Why do some people not go to church? Let the answer be spelled in four capital letters—S-E-L-F."

## IDENTITY OF JESUS IS DISCUSSED AT BIBLE CLASS

Large Number of Men Attend Meeting Sunday Morning at the City Hall

Men from all walks of life crowded the council chamber of the city hall yesterday morning for the Sabbath morning meeting of the Presbyterian Men's Bible class.

Keith L. Brooks, teacher of the class, discussed the identity of Jesus and excerpts from his address followed: "Those who see no need of the substitutionary sacrifice of Christ, savor not of the things that be of God. They are carried away by human views of the way His kingdom is to be established. Humanitarians they have a right to call themselves, but not ministers of Christ."

"There are many today who are not the enemies of Christ personally and who speak of Him as a great teacher and reformer, but they are the enemies of the doctrine of His cross. It is this doctrine, which the devil hates, and many men today repudiate."

**Right Conception**  
 "The right conception of Him is absolutely essential to right relationship to Him. Eternal life depends upon the right conception of His person and the denial of His divinity is the supreme lie. Error has many voices. Men are saying many different things about Him. The testimony of the Word of God is one. 'Amidst all this diversity of opinion, look well to your own belief. He accounts a correct opinion of Himself of vital importance.'"

## Constance Binney Stars In Glendale's Picture

The wonderful little Realart star plays the difficult durole of Dorothy Stone in the celebrated Edward Locke story which is showing at the Glendale Theatre for the last time today. This is the eighth picture which she has completed for Realart, but her wonderful screen career extends even beyond that.

Her career on the stage has been equally as glorious as that on the screen. There is a battle scene in "The Case of Becky," but it is one the like of which has probably never before been seen, being a conflict of wills between two famous hypnotists for the mastery of a young girl's mind. Constance Binney plays the part of the girl while Frank McCormack and Montague Love are the two hypnotists. The other film attractions are equally interesting.

Kangaroos are said to be able to jump a fence eleven feet high.

## Business-Getting Power of The Evening News

### Exclusively a Glendale Paper

The Glendale Evening News is printed and circulated  
on its own merits. It has stood alone as a local daily  
newspaper for nine years and is showing a steady growth,  
both in circulation and advertising patronage. Adver-  
tisers value it because it is not a supplement or insert to  
any other paper and because it is exclusively a Glendale  
paper.

### Best Publicity Medium in Glendale

The business organization of The Evening News is  
first, last and all the time a Glendale institution, and as  
such guarantees advertisers the best publicity medium  
available in the Glendale territory.

### 3,000 Paid-in-Advance Subscribers

Its circulation of 3,000 represents paid-in-advance  
subscribers who voluntarily order the paper because of  
its merits, and not on account of procuring an outside  
publication of which the local paper is merely a sup-  
plement to an organ, whose camouflaged purposes, when  
carried out, will be destructive to the best interests of  
Glendale merchants.

Our circulation books are open to your inspection.  
Our merchandising service is at your command.

## FAITH PURE OR IS MIXED? INQUIRES REV. EDMONDS

Encouragement Is Needed and  
It Must Be Given, Says  
Presbyterian Pastor

"There is difference in faith as to  
quality," remarked Rev. W. E. Ed-  
monds yesterday morning at the Pres-  
byterian church. "Is your faith pure  
or is it mixed with doubt? 'All  
things are possible to him that be-  
lieveth.' It is the obedient child who  
receives for the father delights to  
give. According to the quality of  
your faith be it unto you."

"The scientist, Tyndall, wrote a  
book about 'Heat as a Mode of Mo-  
tion.' There should be a book about  
'Faith as a Mode of Motion.'"

"We need to look to Jesus in the  
testing times we meet. He will not  
suffer us to be tried above what we  
can endure. And we need to look  
for wisdom. He is the great head.  
And we are to look to Him as our  
ideal, also. People who have no  
ideal are apt to be as driftwood."

"We look to Jesus to learn and we  
look to get strength. When we are  
weak then His strength is made per-  
fect in weakness. Further, He brings  
encouragement."

Need Encouragement  
"We lose sight among ourselves of  
doing the encouraging that is needed.  
Our laymen here who are doing great  
and useful work without any noise  
—encourage them!"

"Great-Heart" is in a book more  
widely read than any other except the  
Bible—Bunyan's 'Pilgrim's Pro-  
gress.' After Christian had reached the  
Celestial City, his wife Christiana  
with his children started out to fol-  
low and one named Great-Heart vol-  
unteered to take them safely through  
all the difficult way and through the  
gates. While Great-Heart represents  
our human guides and leaders, he  
stands also as a splendid figure of  
the heavenly guide whom Paul sets  
forth as the captain of our salvation  
and author and finisher of our  
faith."

## Plenty of Publicity Secured by Glendale

The March issue of the Arrowhead  
magazine, devoted to "Glendale—the  
Fastest Growing City in America,"  
has reached members of the Glendale  
Really Board who obtained the finan-  
cial support for the issue and pre-  
pared the copy. It is published by  
the publicity department of the  
Union Pacific system and will be  
placed in the hands of 30,000 tour-  
ists during the month.

With a wealth of pictorial illu-  
stration vividly describing the growth  
and attractions of the city, there are  
accompanying articles by Lloyd H.  
Wilson, chairman of the publicity  
committee of the Chamber of Com-  
merce; E. P. Hayward, secretary of  
the Realty Board, and others. The  
growth of the city, the Chamber of  
Commerce, Opportunities for Invest-  
ment, Financial Glendale, Schools  
and Churches, Women's Organiza-  
tions, Men's Organizations, Floral  
Floods Which Brought Fame, His-  
toric Casa Verdugo, Verdugo Wood-  
lands, and 30,000 Welcomes are  
among the topics.

One notable paragraph in the  
magazine is herewith reproduced:  
"Glendale, in all probability, of-  
fers more opportunity today, for wise  
and conservative investment than  
any other city of its size in the  
United States. A mere statistical  
record of the past two years visualiz-  
ing its growth and development  
would be sufficient to substantiate  
such a contention."

A single pair of sparrows and a  
nest of young ones consume about  
3,000 insects a week.

## Poison Mystery! Fifty in the Death List! It Is Puzzling Officers

Didja evva see a daid  
chick?  
Well, multiply that one hen  
by fifty and mix in a couple of  
roosters with their toes turned  
up.

And then you can imagine  
what Mrs. Franklin D. McKin-  
ney saw when she went out to  
feed the chickens at the rear  
of her home, 1259 South San  
Fernando road, Sunday morn-  
ing.

It was a sorry sight, all that  
egg manufactory laid to waste.  
She called the police. They notifi-  
ed Henry Holbeck of the  
health department.

Rushing to the scene in the  
fastest flivver the city boasts,  
the deputy health officer looked  
over the situation. After a  
thorough investigation he be-  
lieves canned corn caused the  
birds to suffer ptomaine poison,  
it is reported.

## Negro Is Guard Over Treasury Fifty Years

WASHINGTON—Add another to  
Who's Who. He is Richard Green,  
colored, messenger extraordinary. He  
has merited the friendship of a dozen  
presidents and hundreds of cabinet  
officers.

Richard, six feet tall, as erect as  
a Sioux Indian, and with all the  
polish of a Chesterfield, holds now  
the post he has held for fifty years.

He is the personal messenger of  
the Secretary of the Treasury. In  
diplomacy Richard scores heavily.  
He is tactful, thoughtful, intelligent,  
graceful and raises the term politeness  
to its highest meaning.

Richard has guarded the entrance  
to the office of the Treasury head  
for a half century and has served as  
the attendant of twenty-one secre-  
taries of the Treasury.

He came to Washington when  
Ulysses S. Grant became President  
of the United States. He is a na-  
tive of Virginia, like most of the  
other colored messengers stationed  
at offices of high dignitaries about  
Washington.

Richard greets distinguished visi-  
tors with rare bows and smiles and  
fairly radiates "welcome." He has  
known personally more distinguished  
men, as is known personally by  
them, than any other member of his  
race.

## John Roman Speaks at Dedication Service

John Roman, well known here,  
who has served as chairman of the  
building committee of the Los An-  
geles Polish Library Association, de-  
livered the opening address yester-  
day at dedication ceremonies and  
turned over the keys of the auditor-  
ium to President W. J. Miller.  
H. H. Kinney, secretary to Mayor  
Cryer, predicted success to the or-  
ganization for the education of Mr.  
Roman's countrymen. Other speech-  
es were made by S. K. Szynawski  
and S. Szelaszkie. The Rommel Con-  
struction Company of 144 A South  
Brand boulevard built the auditor-  
ium.

## Six-Cylinder Cycle Is Marketed in Spain

MADRID—The first six-cylinder  
motorcycle in Europe has just made  
its bow to the public here, built by  
a rich amateur of this form of "cy-  
cling." The machine is water-cooled  
and weighs 360 pounds. The valves  
are placed upright in the shape of a  
"T." The machine has three speeds  
and a reverse and is capable of ninety  
miles an hour. A heavy and low  
sidcar goes with the machine, the  
wheels of which are built on metal  
shields.

## COMMENT THAT'S ALL

Three Classes of People  
Start on Road to Success  
Short and Snappy News  
What the Censor Says

By Gil A. Cowan

NO one knows what the morrow  
brings forth.

Saturday the news dispatches  
came across the country in regular  
precision over the International  
News Service leased wire.

By Sunday morning the wires  
were down between the Pacific and  
Atlantic coasts. Storms had swept  
from the Michigan peninsula to the  
Mexican border.

Indeed, the heaviest snowfall of  
the year is reported by some places  
and the loss from the weather is  
estimated at hundreds of thousands  
of dollars.

The same storms which wreaked  
such havoc in the midwest had their  
inception off the Pacific coast and  
swept over Glendale and Southern  
California about five days ago. Here  
it was a driving rain of a day's dura-  
tion. In the east it was snow, sleet,  
lightning and all of the other un-  
pleasantries Dame Nature can shower  
upon the earth.

Which is one more reason for  
these being three classes of people:  
Those who live in Southern Cali-  
fornia; those who are on their way  
to Southern California; and those  
who are planning to come to South-  
ern California as soon as their busi-  
ness or pleasure will permit.

Right now Glendale and the rest  
of the state is in the heart of an  
"Own Your Own Home" campaign.  
Sufficient was said of the subject  
Saturday, but another word to the  
wise will not be amiss.

Study the past growth of this city  
and this section of the country. Note  
the directions in which cities and  
communities have developed. Then  
accept the opportunity, for prices  
are rising higher. Available real  
estate is decreasing proportionately  
to the increasing population.

You will find that the sturdy plod-  
ders of yesterday who bought land,  
lots or even leased to advantage, are  
the substantial financiers and big  
property owners today. It will pay  
you now to get in touch with those  
who know realty values and start  
on the highway to success.

Years ago when The Glendale  
Evening News instituted its two-  
column style of "Today's World  
News in Brief," it was an innova-  
tion. The only thing like it was the  
"fudge" box on the front page of  
some metropolitan evening dailies in  
which one or two of the latest news  
bulletins could be found.

However, the newspaper  
man with a vision employed by the  
Los Angeles bureau which then  
served this paper with telegraphic  
information. He was "sold" on the  
idea so uniquely carried out by The  
Glendale Evening News. He went  
out and sold other publications the  
service. Everybody liked "World  
News in Brief." As a result this  
man now is in New York in charge  
of the business end of the service.

It gives The Glendale Evening  
News great pleasure in having fac-  
tered an innovation which today is  
being recognized by such conserva-  
tive papers as The San Francisco  
Journal and other equally conserva-  
tive sheets which do not share the  
idea that people want to read details,  
as a general rule. Life is too short  
to spend searching through columns  
of Washington and New York palaver  
for the nugget of news.

In San Francisco, of gangster  
fame, comes word that scenes in  
"Foolish Wives" have been barred  
by the police. Here is what the cen-  
sor had to say:

"Foolish Wives" impressed me as  
a rotten picture. Not only is it rot-  
ten from the point of view of moral-  
ity and suggestiveness, but it bored  
me exceedingly. People are going  
to see it, lured by the extensive ad-  
vertising and publicity, and are going  
away disappointed.

You will NOT read that in the  
Los Angeles newspapers. And in  
compliment to the producer and di-  
rector, the censor further says:  
"But what I wish to emphasize is  
that the picture is not only rotten  
morally, but is one of the most un-  
interesting and poorly directed pic-  
tures that has fallen to my lot to  
view."

## Mrs. Farmer to Direct Financing of Homes

Mrs. Edith Farmer of Eagle Rock  
has taken offices at 205-A North  
Brand boulevard where she will re-  
present clients who wish to finance  
homes here.

People who wish loans and have  
their lots clear can apply for as much  
as 100 per cent of the money going  
into the house, according to Mrs.  
Farmer. Her clients will furnish the  
architectural service, supervision and  
construction, as well as attending to  
all the details, which will permit the  
property owner to have his or her  
home built to order without devot-  
ing their personal attention to the  
work.

The financing is on a six-year  
monthly payment basis and provides  
people with homes at rental rates,  
provided, of course, they own the lot.  
Mrs. Farmer will be in the office  
Mondays, Wednesdays and Fridays.

## MRS. WENZEL APPLAUDED

Mrs. Mina Wenzel, soprano, won  
hearty applause last night at the  
Glendale Theatre concert for her ren-  
dition of a group of songs. Paul  
Carson also held high favor for his  
selections on the great organ. Mrs.  
Wenzel comes from Newark, N. J.,  
and expects to live here. This is the  
second time she has appeared at the  
Glendale Theatre as Sunday evening  
soloist.

## H. F. Finley Does His Bit in Home Campaign

H. F. Finley of 626 North Isabel  
street has shown his cooperation  
with the "Own Your Own Home"  
campaign which is being put on  
throughout the state this week by  
purchasing a home at 330 West  
Doran street of A. N. Cline through  
the agency of R. N. Stryker, realtor,  
of 217 North Brand boulevard. Mr.  
Stryker states that "Own Your Own  
Home" week has his hearty support.

## Church Dinner Given for Class Members

The members of the World Wide  
Guild class and the Anoma class of  
the First Baptist Sunday school were  
entertained with a dinner at the  
church Friday night given by the  
women of the congregation. The  
speaker of the evening was Miss  
Hobart, her topic being "The Work  
of the World Wide Guild." There  
were about thirty-five members of  
these classes present.

## FAVORS SALE TAX PLAN

CHICAGO, March 20.—The sales tax affords the most feasible method of raising revenue needed to finance the proposed soldiers' bonus "if one must be paid," believes George W. Wickham, former United States attorney general. Wickham expressed himself as opposed to the bonus payment, but said he favored "the most practical means of financing it." The sales tax, he said, is the most feasible plan.

### Hoover Catches Fish by Singing to Them

WASHINGTON—Herbert Hoover, champion Cabinet fisherman.

By common consent the President's advisers have elected Herbert Hoover as the leading exponent of the art of pulling 'em in with hook and line.

Hoover's knack of catching fish is to sing to 'em.

Hoover takes no medals as a lyric tenor. At least his associates would rather that he not go on any grand opera circuits.

But when he gets his favorite old pipe going and is settled on the bank of some quiet stream, Hoover can develop an amount of harmony that is fairly astonishing.

Attorney-General Daugherty, one of Hoover's fishing companions, says that Hoover, as a melody producer, has a lot of swell singing folks backed off the boards.

### Injuries Will Force Grid Star From Game

LINCOLN, Neb.—Joe Pucelik, all-around athlete of the University of Nebraska, who made Walter Eckersall's 1921 all-American football team, may be forced to give up athletics entirely.

A shoulder which had been dislocated a score of times in the last three years is the cause of his prospective retirement.

Pucelik was amateur wrestling champion of Nebraska in 1919. His arm first was thrown out in a mat contest late in that year. It was dislocated again in the Penn State Nebraska football game in 1920. This injury was repeated in every grid contest in which Pucelik has participated since that time. But only once—in the final game of the 1921 season—did he abandon the field. The injury has been kept a secret.

## MRS. M'CORMICK, DAUGHTER OF J. D. ROCKEFELLER, EVOLVES BRAND NEW IDEA OF LIFE FOR WOMEN

Mrs. Pauline O. Field.

Mrs. Edith M'Cormick.

Catherine II of Russia.

Lady Astor.

By MARGERY REX  
Written for International News Service  
NEW YORK—Oh, sisters, do not "sit in" in a man's game!

She who plays another's hand shall meet failure.

Woman's immemorial work in this wide world, added to her present pursuits, can best be done if she retains the feminine role of passivity and lets man play his part without trying to prompt him or provoke him.

In her study of the newer—called "synthetic"—psychology, of Chicago, Mrs. McCormick, of Chicago, has evolved a philosophy concerning woman's work and its relation to that of man.

In order to found a school in her Lake Forest home for the study of psychology, Mrs. McCormick returned from Switzerland recently. To the Cordon Club, of Chicago, she has outlined her views, which seem a sensible compromise between the extremes of modern thought and the conservative status of her sex. She said:

"Woman in her negative capacity is as great as the man in his positive role, and when woman enters a man's field, understanding her limitations and powers, she is apt to succeed. "It is when women try to be other than they are by nature, and play the game according to the man's rules, that they are apt to fail.

"In all human activities there are positive and negative forces. Woman is a negative force; man a positive.

The speaker cited for illustration a railroad in which woman would represent the rails, the negative force, and man the engine, or positive force.

Out of the darker ages, when successful women were expected to somewhat approach men in appearance and manner and mode of life,

has come gradually a realization that woman need be no less a woman because she may add other accomplishments to her ancient role of housewife and mother.

Whether she be painter or pianist or politician, woman can still be herself. According to Mrs. McCormick, and also according to a prominent woman lawyer of New York City, Mrs. Pauline O. Field, lately appointed to the District Attorney's staff, the woman who is not true to herself is without real success, friends or admiration.

"The woman who wants to play the game in a man's way," emphasizes Mrs. Field, "does not understand or appreciate her own sex.

"Woman's natural endowment tends toward passivity, of course. There is no question about that—that she has the ability to bear, to sustain, to carry, even though she suffer. Though that is a negative quality it equals man's 'positive' achievements.

"We have all reached the status today where sex is not involved at all. What woman does she feels she must do well. She can apply herself diligently to her ideals, and the question of her being a woman has nothing to do with her success or lack of it.

"This Generation Pioneers." "It is still a new thing for great numbers of women to do man's work. Those of this generation are the pioneers, though.

"I agree with Mrs. McCormick in that woman, whether she remain in her home or go to office or business, must be her natural self, a woman. She should never forget she's a woman. Because of it she will get greater respect than if she tries to imitate men.

"Although I agree, for the most

part, with Mrs. McCormick as to her appreciation of woman's great asset in her own femininity, I think her attitude somewhat European. People in Europe have a different conception of woman from ours.

"Many women in history have 'played the game' previously in masculine activities, and some of them have played it man-fashion. Or these were Empress Catherine of Russia, who sought to dominate in public affairs and was the aggressor in matters of the heart as well. Where other women have ruled through subtle influencing of men, Catherine scorned subterfuge and doted on her own forcefulness.

Nancy Is Feminine  
Modern chronicles tell the story of Nancy Langhorne Astor, England's Lady Astor, the American girl who now sits in Parliament. No one could accuse Lady Astor of not being feminine, since she is the proud mother of a large family and shown remarkable feminine wit and presence of mind during her campaigning when she was frequently heckled by non-believers in women's place in politics.

George Sand thought she had to take a masculine name to be a successful writer, and this idea was popular until recently. She also wore weird clothing, not exactly masculine and certainly not feminine, as did also Rosa Bonheur, the artist. Today we have women artists who can wield brush and sculptor's chisel as naturally as they raise families.

The woman who plays the game by a man's rules not only lessens her own value by this low estimate of her own sex but flatters men by admitting she doesn't think she can win otherwise.

### Yale Brothers Urge Support of Campaign

In an interview with a Glendale Evening News representative, Yale Brothers Realty Company of 249 North Brand boulevard expressed themselves as follows regarding the "Own Your Own Home" campaign which is being furthered this week by the California State Realty Association and the Glendale Realty Board:

"It is the desire of all the peoples and creatures on this green earth, all the animals and birds, to own their own home. Their homes are not given to them—they have to work to construct them. The desire to own your own home should be changed from a desire to a determination, a set and definite purpose. It will require work and sacrifice and careful saving.

"The pride, the comfort, the satisfaction, the realization of success, compensate many times over for the labor and sacrifices it has cost. You want to be a success in this life. Well, what is success but the achievement of your aims and desires? So, if your aims and desires are to own your own home then they are of the higher and nobler character, and when you have achieved them you will be envied greatly by your less fortunate brethren. You will be a success in the eyes of the world and should be justly proud of yourself.

"This campaign being put on for this week by the California State Realty Association and the Glendale Realty Board is to show the importance of owning your own home and to help you do so. You may not feel that you can afford to own your own home at this time. But, do you know just how much money is needed to own a little home of your own? Do you know how and where to get help in obtaining part of what is required to own this little home?

"Why not come to the people who are in a position to advise and help you in this. Make it your business to go to some member of the local realty board this week and talk it over with him. He can and will help you. The fact that he is a member of the Glendale Realty Board protects you from misrepresentations or frauds, because the realty board will not permit any broker or salesman to remain a member whose dealings are not honest and fair. A certificate of membership is a badge of honesty.

### Lenine Ill, But Not Dying, Doctors Say

By ERNESTINE EVANS  
Written for International News Service  
MOSCOW, March 20.—Nicolai Lenine, head of the soviet government of Russia, is still in his country recovering from illness. He is suffering from insomnia and nervous complaint, but it does not deter him from working on his new book which explains the long-cherished plan of the third international to unite all the workers into one big international group.

It had been reported that Lenine was about to die, but this rumor proved to be absolutely wrong. Lenine's physicians have ordered him to remain in the country as long as possible and to remain out of politics. Despite these instructions the Bolshevik chief is receiving reports on preparations for the Genoa conference which are being carried out by the trade experts and by Georges Tchitcherine, commissioner for foreign affairs. He spends many hours a day writing. Once every week the "big five" of the soviet—Lenine, Trotsky, Bukharin, Stalin and Zinoviev—consult.

Madame Lenine is not with her husband but she and his sister Mary visit him once a week. No foreigners, however, are admitted to Lenine's presence. It is generally admitted that today Lenine faces one of the hardest jobs of his arduous and spectacular career, that of maintaining discipline in the communist party. A party conference is about to be held to consider the situation.

The new policy of the Bolshevik regime and the famine have been responsible for political corruption, especially among communist officials, which Lenine is determined to wipe out, if possible. He wants a "clean up" of the party to bolster the general morale.

### MINES CLOSE APR. 1, CLAIM

NEW YORK, March 20.—All anthracite coal mines will close on April 1 and 155,000 mine workers will put into effect their promise made at the Shamokin convention of a suspension until they have a new agreement with the operators. This is the view of John L. Lewis, chief of the miners, and of S. D. Warringer, spokesman for the president.

Mine workers declared that the responsibility rests entirely on the shoulders of the coal companies. President Lewis said today that the subcommittee named at yesterday's session was in reality to discuss anthracite problems with the operators and start conferences at once.

### European Starlings Drive Sparrows Out

PARKERSBURG, W. Va.—Flocks of European starlings, which now make their home in the suburbs of Parkersburg and its vicinity, are attracting considerable attention. While they made their first appearance in Parkersburg some time ago it has been only recently that they have become numerous.

Opinions of observers differ as to their alleged destructiveness. Some authorities say they are far less so than sparrows, cowbirds and some other species.

The European starling, as its name implies, is a foreign bird. Specimens were imported from England about fifteen years ago and were liberated in the parks of New York City. They have since multiplied rapidly and have spread to West Virginia and other states. They are masters of the English sparrow. They were introduced into this country to drive the English sparrows out.

### TURN HAIR DARK WITH SAGE TEA

If Mixed With Sulphur It Darkens  
So Naturally Nobody Can  
Tell

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.—Advertisement.
